Subject: Gas chamber bill

Members of the House of Representatives

Please cast your vote to discontinue the use of gas chambers as a form of euthanasia in Michigan. This is what the people want, as was very clear in Midland in 2008. Over 6000 people signed petitions to use EBI. Not one person spoke defending its use on the County floor. Our commissioners voted to stop using it but never did. In 2010 our county closed Animal Control, and in 2011 the Humane Society of Midland County reopened the facility and promptly destroyed the gas chamber.

It is bad enough that across the country society doesn't take responsibility for its animals and they end up unwanted, abused, or abandoned, but its is another thing for those animals to die in a gas chamber. You have the power to make one of these things right.

Thank you
Neil T. Wackerle
President
Humane Society of Midland County
